MOST IMPORTANT GROUP

OF MOTOR CAR BUYERS

Certain American people are getting on in the world. Many of them are just starting. But they're headed up the ladder. Their ideas of luxury and beauty are expanding. They want finer homes, finer furniture, finer automobiles.

During the past three years, hundreds of thousands of these progressive Americans have been buying the Pontiac Six. Some of them have bought it as the first car they ever owned. But to most of them, Pontiac has represented the first big step up from the lowest priced field.

For this progressive group, Oakland has now created a brand new Pontiac Six. It represents an even greater advancement over everything else in its field today than the original Pontiac represented in 1926. It will take its buyers farther than ever up the ladder of motor car quality in one step. Watch for the

Judge Whitehouse had a streak of humor in him. On one occasion a great beef eating man, who must have weighed considerably over two hundred pounds, applied for a divorce from his wife on account of physical attacks upon his person, whereby he had received personal injuries. He exhibited no contusions or scars and the judge asked him what his wife's physical characteristics were. He said she was a small woman but full of ginger. As he turned his back to the court to answer some of his attorney's questions the judge looked at me with an amused expression on his face and ran his eyes up and down on the man's huge frame as much as to say to me, how ridiculous it was for a man like that to stand in fear of the attacks of a little woman less than half his size. I turned away in an attempt to hide my risibility. I never had more difficulty in trying to conceal my feelings at anything that ever happened in court.

While holding court here at one October term, a Norway lady of charming manners and fine, expressive black eyes, one of the real beauties of the village, came into the court room, one afternoon, and took a seat in the southeast corner, among the spectators. Just as she had seated herself and she gave me a smile of recognition which, of course, I returned.

The judge had a habit of flipping a pencil back and forth in his right hand and pretty soon I heard the rat-tat-tat of his pencil on the desk behind me. On turning around to see what he wanted, he asked in a low voice, "Mr. Clerk, what lady is that who has just come into court?" I told him, when he remarked, "She is a beauty, isn't she?" to which I replied, "They say so over to Norway." The judge certainly had an eye for beauty, wherever he saw it, which was not at all to his discredit.

Heard and Seen in the Advertiser Office (Continued from page 1)

Win Bessy, who resides opposite the fair grounds, reports the mercury 36 below zero early Wednesday morning. He has lived there many years and that is the lowest mark yet.

How is this for inviting calamity? At the Norway-Paris band rehearsal, Sunday afternoon, on Jan. 13, thirteen members were present and one of the marches selected at random was No. 13. So this week dire results from the unlucky combination have not materialized.

Georgiana P. Davis, 150 Hartley St., Woodford, renews her subscription and tells us how she enjoys the weekly visit of the Advertiser. Just a trifle homelike for the grand old hills, she expresses the sentiment of many natives now residing elsewhere.

"I'd give a lot this cold winter's morning to have a glimpse of the snow-covered hills and mountains as viewed from our delightful town! We don't have many beautiful views down here as compared with the lovely hillsides of Oxford County."

"Tex-Capp" Smith says he is done with boxing for the present and is devoting his time to raising a mustache and working on a gasless motor. He intimates that others are waiting to promote the game after he quits and that chance has arrived. "Tex" leaves the arena with the reputation of running clean boxing shows and playing the game for the sake of good sport; there was never any money stored up.

D. C. Seitz: "It looks as if the United Gas Improvement corp. of Philadelphia, had captured Massachusetts away from Inland and were going to become through their subsidiaries the biggest thing in light and power. Mr. Secretary Mellon is one of their big assets. The Morgans are in it also; these fellows are experts. Inland is under so much fire in Washington."

C. L. Morrill of West Paris was in Monday morning, and bought an Advertiser. Mr. Morrill says he is going to subscribe for the paper when he gets located. He plans to spend a few weeks in North Waterford, then expects to go to Gardiner for a while.

Forty years in one store was a record celebrated Monday, the 14th, by Frank P. Stone, the druggist. With one exception, he is the only trader on the street now occupying the same building during the forty year period. Frank rushed around town passing out congratulations. Sure, the Advertiser office was showered. Fred Sanborn and Walter Chandler received a box of "Blackstones," Ralph Osgood and Morrison received a box of "Laddies." Not accustomed to the vile weed, only second-handed, they kindly passed the smokes along to Chandler, who is case hardened and nicotine proof. Chandler is inhaled in the office, but the cob for the Wearies.

Heard at a tea fight: "I married a dreamer, and ever since my life has been a nightmare."

Why not one thermometer for the whole community? Just one! Have it located in Printing Office Square. It would put a stop to temperature variations and be a benefit to the public. Why not put a bill in the legislature and assist in this needed reform?

Matti Pulkkinen, Norway, wants teams to haul lumber and bark from the Sebren road to the mills at South Paris. He has an ad in the Intelligence Column this week and can use good help. Read it.

The sport editor acknowledges a gift from George H. Bennett, it being a pair of silver sliding bow spectacles of uncertain vintage. Mr. Bennett assumed the article was a veteran when he was a small boy, that being nearly 75 years ago. Near the century mark may be a safe bet and so labelled.

Newspapers report wild geese leaving their winter haunts along the coast and flying northward. The optimistic say early spring is on the pull. With the lack of mercury all but lost in the bulb, the geese are either pulling a bonehead play or have a keen sixth sense far beyond sophisticated mortals.

Wm. C. Leavitt has the advantage in his postoffice contest with Starnob. He lives within 63 feet of the office. Sanborn has to go 178 feet and cross a traffic-crowded Main Street. The danger is telling on him. However, one day last week he safely made the crossing 178 feet, according to Charlie Bradford's count. Mr. Leavitt ran into the office nine times in one hour if the officials are to be relied on. A reasonable handicap should be agreed on between the contestants, says George Hill. We hope it can be done as we want it to be fair.

We bought a book this week. It was written by Col. Wm. Emmons, proprietor or perhaps Dr. Richard Emmons, who was born in Boston, Aug. 30, 1738. The latter's picture, steel engraving, is the frontispiece, who claims to be the author of the Fredonia & Co. It is the 10th edition of the "Battle of Bunker Hill, or the Temple of Liberty: an Historical Poem in Four Cantos." It was written in 1838 and printed in Boston. We got it of the Olmsted girl.

Spring is coming—so say Francis Dow, Jessie Noyes and Elizabeth Noyes, for while taking a hike out Alpine Street, Sunday afternoon January 13 they picked the first pussy willows reported this year.

Allen Lee, who visits us during the summer time when it is good out traveling and who has been a salesman for the Quality Engraving Co., of Worcester, Mass., writes us that he is now connected with the Suffolk Engraving & Electrotyping Co., of Cambridge, Mass.

Walter Pratt, salesman for the C. H. Robinson Co., of Portland, made his trip here, Wednesday. Said he did not realize it was so cold—thought it was about zero. When coming through Gray, he stopped for gas, noticed the outside air seemed cold and was informed it was 24 below zero, at another place he found it thirty, so decided he had taken a real winter morning for his start. Thursday, he went on up through Bethel.

Are you receiving the Advertiser each Thursday afternoon at your home? If not, why not? We have boys who deliver the papers in the village to our subscribers. Better subscribe and have the paper right from the press.

Ex-Game Warden A. A. Towne hands us this item: "A Wisconsin man who killed a wolf without a hunting license is sent to jail for 40 days and given \$50 bounty, both for killing the wolf. Isn't law funny?"

John Woodman says: "Instinct is the inherited accumulation of acquired habits. I have a lot of it."

Fred J. Dovejoy, who lives in Milletville, is ill with the grippe and being cared for by William Walker.

Mrs. Rebecca T. Daholl, who has been ill with a cold, is gaining. Her daughter, Mrs. Ham, has been caring for her.

SUPPER PARTY AND BRIDGE

Dr. and Mrs. W. N. Swett entertained at a supper party followed by bridge, Wednesday evening. The guests were Mr. and Mrs. Charles Cummings, Mr. and Mrs. Leroy Luce, Mr. and Mrs. Phil Noble, Mr. and Mrs. Glenn McIntire, Mr. and Mrs. Perley May, Mr. and Mrs. Thos. Huston, Mr. and Mrs. Guy Rowe, Mr. and Mrs. Norman Hutton, Mr. and Mrs. Stephen Cummings, Mrs. T. E. Jones, Norway; Donald Mason, Mrs. Leslie L. Mason and Andrew Eastman of South Paris.

The first prizes were won by Mrs. Grace Hutton and Philip Noble; second, Mrs. Leroy Luce and Andrew Eastman, and the consolation prizes went to Mrs. Eleanor Noble and Glenn McIntire. The rooms were attractively decorated with orchid tulips, and daffodils.

The January meeting of the W. O. T. U. was held with Mrs. Clara Dunn, with Mrs. Carrie Philbrook, assistant hostess. The roll call response, "Current Events," brought out some very interesting features and items. Mrs. Elizabeth Bartlett led in the discussion, "Women in Politics." The Community Christmas committee reported a fine response both in money from the lodges and churches, and in kind gifts, as well as clothing, and other donations. They feel very grateful to all who assisted in any way, and to those who had a part in the pageant at the Congregational Church.

Mrs. Mildred J. Holmes, B. N., who has been spending three weeks with her aunt, Mrs. H. L. Horne, since her operation for appendicitis, returned to Portland, Saturday, and resumed her duties at the Eye and Ear Infirmary.

Echo from Across the Water

The Prime Minister of Great Britain says that the American invitation to which Dr. Sikenga was a Guest

Mrs. C. A. Stephens, being interested in the article by Dr. A. Leon Sikenga in the Advertiser of January 11, regarding the observance of Thanksgiving in London by the American Society at the Savoy Hotel and American Club, writes very much to be thankful for—I think tonight, amidst all our thanksgiving, there is no better thought than we could take away with us than those words known as well on your side of the ocean as on ours—

Lord God of Hosts, be with us yet,
Lest we forget, lest we forget.

BETHEL
Funeral of Mrs. Coolidge—Farm Bureau Meeting—Joint Installation—Missionary Program—Surprise Party—Stowell Had Accident.

The funeral of Mrs. John Coolidge was held Sunday afternoon at the Congregational Church, with Rev. L. A. Edwards officiating. Interment was at Strickland, Maine. Mrs. Coolidge, who died at the home of her daughter, Mrs. Wilbert Baker, Friday morning was born in Wisconsin, 73 years ago. She came to Maine and married Alonzo Burgess of Strickland, where she lived for many years. She was a devoted mother and wife who resided in Worcester and Helen, wife of W. B. Baker. They later moved to Locke's Mills. After the death of Mr. Burgess she came to Bethel where she and her husband made their home on a farm at Middle Intervale. Owing to ill health she has been with her daughter for some time. Her husband, two children and three grandchildren survive.

There was an all day meeting of the Farm Bureau, Wednesday. A delightful dinner of mashed potato, cold meats, turkey, cranberry sauce and custard pie was served at noon. Mrs. Mary Brooks assisted, showing the members the art of making rugs.

The Knights and Pythian Sisters held a joint installation at the Grand Hall, Tuesday night. Mrs. Grace Starbird, of South Paris, the installing officer for the Sisters and was presented with a small gift of appreciation. Kenneth Knighly installed the Knights in an able manner. Mr. Nadig and his Gloom Chasers furnished several musical selections during the program and also for dancing. Charles and Eugenia Hazelton played a pleasant vocal duet and Browne gave a solo and dance. Refreshments of sandwiches, coffee and cake were served.

Dances before the program to roll in, and mark this, as emigrants rolled in, and as the Pacific coast became settled, the engineer came into his own, and the railroad was thrown across the continent. By that means alone you prevented the possibility of a separate American nation growing up beyond the Rocky Mountains, just as the completion of the Canadian Pacific Railroad, which has been an indissoluble link with Canada instead of being a Pacific nation.
